THIS IS UNEVALUATED INFORMATION

- 1. Dr. Guenther Riemacker and his assistants at the Institute for Catalysis Research (Institut fuer Katalyse Forschung), located at Buchbinderstrasse, Rostock, are to be transferred to an East Berlin institute, probably at Humboldt University. This move is expected to make place about 1 Junuary 1954.
- 2. The assistants who are to accompany Rienaecker are Dr. Heinrich Bremer, Dipl.-Chem. Guenther Vormum, Dr. Karla Wenke, Dr. Siegfried Unger and Dipl.-Chem. Hans-Georg Jerschkewitsch. It is anticipated that Dr. Brigitte Sarry will not accompany the group to East Beclin; this suggests that she and Rienaecker are no longer the intimate friends they have been in the past.
